

Wednesday.

Hi Vicki & Jim,

Just a note before you take
off on your vacation. And I
hope you get it before Monday!

I expect you're really busy this
week with company and getting
last minute things accomplished -

We're having rain today after 2
or 3 nice days in which I
worked in the yard and
developed many sore muscles
I'd forgotten I even had. But
it does begin to look better -

Jerry got back safely from Calif.
Sunday mite - He had a young
acquaintance with him - a Canadian
boy - He stayed until yesterday and
then headed home via train to
Edmonton - they had a very good
time I guess - weather warm, etc.

No other news - take care now
and send us a card or two -

Lots of love, Mom & Dad.
